TREE SERVICE AT AKRON UNIVERSITY

Mrs. C. E. Pitzer has received the following letter from A. I. Spanton, dean of the University of Akron:

"On our recent Tree Day, Friday, June 6, which is the leading students' holiday of the year, a very beautiful and impressive service was held on the campus in memory of the six Akron University boys who gave up their lives in the service of their country. I am sure you would have been very greatly impressed had you been here. In that little service thirty plam leaves were laid by as many different students upon the Memorial Wreath and upon the Memorial Stone. We cannot think of any more fitting way to use those leaves than to send them to the parents of these noble boys. We are sending you five of the palm leaves by express. Let me assure you on behalf of both our faculty and our student body that they bring to us not only a sense of deep appreciation of the sacrifice that your son made for his college and for his country, but also the sincere sympathy to yourself in the great loss that came to you in his passing away from earth

"Very sincerely yours,
"A I SPANTON"
